Sub: — Intimidation of BSNL Recruited Engineer on 21-08-2009—reg

Dear Sir,

I like to bring your kind attention that on 21st August 2009, on which day one of our engineer was on medical leave, a team from the vigilance wing of BSNL trespassed to his house violating all the constitutional/human rights and threatened the family members. Compelling and circumstantial evidences concerned with this such as photos, audio/videos and letter can be produced under direction from competent legal authorities.

As you are aware, being a BSNL employee does cease not make a recruited engineer an Indian citizen. As such, he still has the right to invoke judicial action against such intimidation tactics.

We would like to know if the vigilance wing has become the police squad of BSNL Kerala Circle. As far as we know, it has a whole backlog of landline and broadband disputes and billing issues to be settled. While such important matters are unresolved, we question the credibility of such an action against a JTO. More over the track record and reputation of the incumbent to these critical posts should be impeccable and untainted since the dignity and integrity demanded for these posts are such that the credibility can be bestowed back on all BSNL staff. This sort of harassment and intimidation is unprecedented in the history of BSNL or any PSU.

In this context, I request you to ensure that such acts are not perpetrated, and also to reprimand the vigilance wing for their childish act.

Sincerely Yours
