¹ Airtel's Flexishield Plan: 1.25 GB at Rs 675. Post free usage, 1p/100kB upto bill amount of Rs 2000. Post hitting the shield value speed will be 20kbps

² Flat Rate Plans refer to those plans offering unlimited usage, but speed will be restricted after a certain usage

³ MTNL has a longer validity unlimited 3G data packs which cost Rs 750/Month. There is also a 7 day pack of 25GB priced at Rs 440

From the above comparison it is again clear that **Govt. supported BSNL/MTNL provides VALUE for MONEY**. Each PENNY spent on your Data usage will not go waste.

BSNL is the ONLY Telecom Operator which is having LARGEST 3G Coverage in India. It has around 800 sites covered under 3G signals.

So enjoy 3G "Voice, Video & Data" with BSNL only...!!!

BSNL's 3G plans are available at >>> <http://bsnl.in/service/3G/3GHomepage.htm>

BSNL is the only PAN India Telecom Operator which is still providing Unlimited 3G Data usage for I-Pads through Micro-SIM cards.

In Rs.999 one can use Unlimited 3G Data on super high speed on iPads (provided by Apple, Samsung, Olive, Dell etc...)

You can buy Micro-SIM USB Data stick and put BSNL Micro SIM in it to use it for Internet usage ;-))
